# EYES OF THE ZODIAC

Kill me, kill me, kill me, kill me.  
Paranoid, am I paranoid.  
Paranoid.

Paranoid, are we paranoid.  
Paranoid, are we paranoid.  
Paranoid, are we paranoid.  
Paranoid, are we paranoid.

Everyone seems to play, no one feels the same.  
Narcissistic, want to be heard.  
Scream off the top of your lungs.  
Only time will tell.  
Divide and divide and divide and divide.  
Assassinate, burn you little shits, shootings as soon as the  
school-bell is heard.  
Fuck it all, freedom of speech, I can't wait for the A-bomb to  
drop.  
I applaud our demise, its arousing, arousing!  
The screams, the burning flesh, its arousing, arousing!  
The screams of woman and children.  
We're dying in a fucked up world.

Paranoid, are we paranoid.  
Paranoid, are we paranoid.  
Paranoid, are we paranoid.  
Paranoid, are we paranoid.

War, terror, genocide, death.  
War, terror, genocide, death.  
War, terror, genocide, death.  
War, terror, genocide, death.

school-bell is heard.  
Fuck it all, freedom of speech, I can't wait for the A-bomb to
