# FUCK IT ALL

1. Fuck It All

# FUCK IT ALL

A single coin flip, deciding our bliss,  
get struck by diamonds or drown in shit.  
Corporate bitch lynch us with silk strings,  
keep our feet above ground for just an inch,  
to see us suffering.  
Charge us for freedom, nurture us disease,  
expired health, depressions increase.  
They bite into our skin like respiratory parasites,  
squeezing the life out of our planet.  
Fake like the bitch you call your girlfriend,  
a week before she told you she was yours.  
She sat on another man's dick, sucking tip,  
just a couple of days before you decided to be  
official.

We are nothing, we are no one.

Fuck it all, fuck it all, fuck it all, fuck this world,  
ey, yo.  
Fuck it all, fuck it all, fuck it all, fuck this world,  
ey, yo.  
Fuck it all, fuck it all, fuck it all, fuck this world,  
ey, yo.  
Fuck it all, fuck it all, fuck it all, fuck this world,  
ey, yo.

They open her legs, piss in her face,  
degrade her in all kinds of ways.  
The producer joins in, dirty old fuck,  
who only cares about his fat stacks.  
She wipes off her face, cum drips and tears,  
without pride to the next place again.  
Crying regretting, what she just did,  
she can not turn back time ones again.  
As she grabs the nouse, tying her neck,  
it seems like the only way out.  
As she is hanging, her videos spread,  
going viral even after death.

We are nothing, we are no one.

Fuck it all, fuck it all, fuck it all, fuck this world,  
ey, yo.  
Fuck it all, fuck it all, fuck it all, fuck this world,  
ey, yo.  
Fuck it all, fuck it all, fuck it all, fuck this world,  
ey, yo.  
Fuck it all, fuck it all, fuck it all, fuck this world,  
ey, yo.
