TRIGGER B!TCH

1. Trigger B!tch

TRIGGER B!TCH

Every single day,
my brain feels more erased.
I'm not feeling the same,
as the day before yesterday.
I'm suffering, I'm battling,
leave me alone.
I promise you assholes I'm fine on my own.
Nothing to root for, nothing to choke on.
Face the mirror you fucking assholes.
Classification, hoping for suffocation.
Watching you choke, your eyes are turning.
Die you fucking piece of shit,
I wouldn't mind seeing it.

Why are you triggering me?
Who do you want me to be?
Me? You? Me? You? Me? You? Me?
Why are you triggering me?
Who do you want me to be?
Me? You? Me? You? Me? You? Me?
This world seems so grey,
darkness surrounds me.
Trigger, ey, ey, suffocate.
It's all just a game,
you assholes have been played.
Have been played.

All of you have been played,
and I fucking liked it.
You thought you pulled the strings,
and you fucking liked it.
It was just a silly game,
and I fucking liked it.

Fuck!
